Our faithful Altar Guild members ask your help in delivering these beautiful flowering plants to the sick, shut-in, and lifetime Altar Guild members of the parish after the late service this morning. Each plant will have a card with the recipient's name and address. Plants will be distributed at the altar, where a member of the Altar Guild will be happy to assist you.

Thank you for your help in sharing the Easter victory in this way.

*Despite the best of intentions, mistakes do sometimes happen. If we have inadvertently made a mistake with your dedication, please forgive us for the oversight, and be sure to let the Altar Guild know in writing about the error. Many thanks for your understanding.*

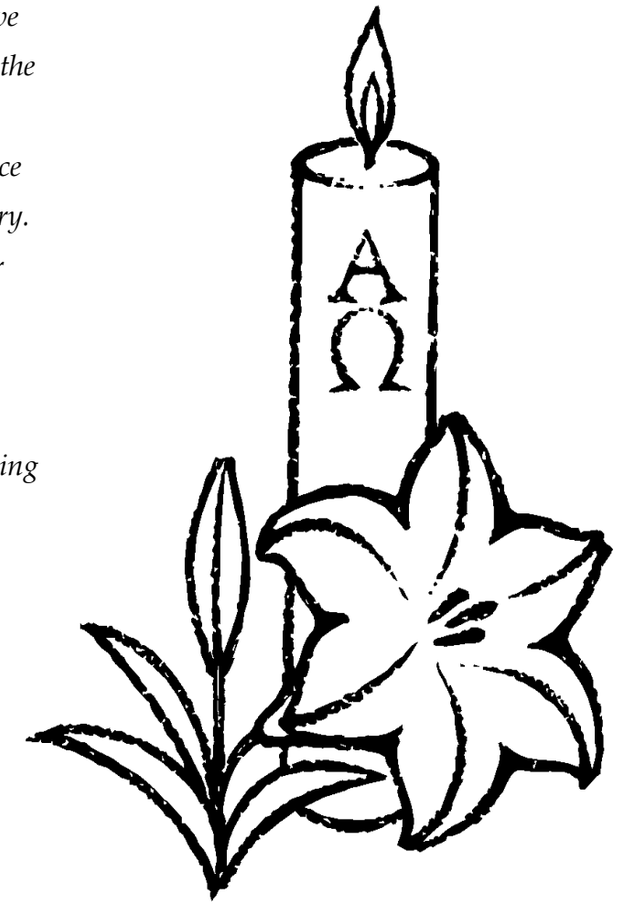
Pam Himebaugh, Altar Guild Directress
Patricia Frazier, Altar Flower Coordinator

# *Easter Garden 2017*

*The Easter Season is the time we rejoice in Christ's victory over the power of death. Our flowers are given in loving remembrance of those who share in this victory. These people mean much to our greater Pilgrim family.*


*The Altar Guild appreciates your generous response in making this memorial possible, which also allows us to decorate our chancel during the Easter Season. These flowers, which awaken in us a sense of celebration and beauty, will continue to speak their message of hope and victory.*
